SPIC MACAY: Celebrating Indian Cultural Heritage

On Thursday, December 12, 2024, the School premises came alive with the vibrant colours of Indian culture and heritage as it hosted a mesmerizing SPIC MACAY (Society for the Promotion of Indian Classical Music and Culture Amongst Youth) program. The event aimed to introduce students to the richness of India's traditional art forms, fostering a deep appreciation for the country's cultural legacy.

The highlight of the event was the enthralling performance by Vidushi Gauri Diwakar, a prominent name in the world of Kathak dance. Known for her exceptional talent and dedication to preserving the classical art form, Vidushi Gauri Diwakar mesmerized the audience with her graceful movements, intricate footwork, and expressive storytelling. The event witnessed the presence of notable figures such as Ms Saraswati Subbu, SPIC MACAY Activity Coordinator, and the eminent musicians- Mr Yogesh Gangani, Mr Samiullah Khan and Mohammad Ayub Ji. The audience was enthralled with the beautiful medley of storytelling, the beats of the Tabla, the notes of the sarangi and harmonium with the tinkling of the Ghunghroo. Principal, Ms Supriti Chauhan welcomed the neighbouring schools, who had joined to witness the show and thanked all the guests for sparing their time.

On the Move: Road Activity for Young Explorers

To instill a sense of responsibility and awareness about road safety among Students, the Middle School organized a comprehensive **Road Awareness Activity** on Friday, December 20, 2024. The initiative aimed to educate Students about the importance of traffic rules and safe practices on the road through creative and engaging activities.

The event witnessed enthusiastic participation from the Students, who demonstrated their creativity and understanding of the theme in innovative ways. The Students of **Grade 6** vividly portrayed their ideas about road safety, using impactful slogans and vibrant illustrations to convey the message effectively, **Grade 7** delved into hands-on creativity by designing **3D models of traffic lights** and the Students of **Grade 8** took their creativity a step further by preparing **banners and paintings** that promoted road safety awareness. Their work, reflecting thought-provoking themes, through A Road Safety Corner was displayed around the school to inspire peers and visitors alike.

Joy to the World: Christmas Cheer in Classrooms

On December 24, 2024, the festive spirit of Christmas filled the air as the Students of Grades 6-8 came together to celebrate this joyous occasion in style. The Students started the celebrations with a vibrant atmosphere across the School premises, as each Class was transformed into a winter wonderland. The walls were adorned with beautiful handmade ornaments, shimmering lights, and festive wreaths, creating a truly magical environment. Every corner of the classrooms was decorated with holiday cheer, from Christmas trees to snowflakes, each reflecting the Students' enthusiasm and creativity. The highlight of the day was the Class Party, where the Students shared the joy of Christmas together. The Classrooms were filled with laughter, music, and festive games. There were delicious snacks and treats, including traditional Christmas goodies that added to the spirit of togetherness. The Students exchanged gifts, sang carols, and played fun games, making the event even more special.

Infinite Possibilities: Celebrating Math with Creativity

To commemorate National Mathematics Day and honour the genius of Shri Srinivasa Ramanujan, on December 24, 2024, the Middle School organized multifarious creative and intellectually stimulating activities for the Students. The event aimed to inspire students to appreciate the beauty of mathematics in daily life while blending creativity with mathematical concepts. The Students of **Grade 6** explored the ancient Chinese puzzle, creating intricate designs and patterns by assembling geometric shapes whereas, the Students of **Grade 7 showcased** their artistic flair through Jewellery Making, they incorporated mathematical patterns. Using principles of Symmetry, Tessellation, and Proportions, they crafted exquisite pieces of jewellery and the Students of **Grade 8** immersed themselves in constructing and understanding Nets of 3-D Shapes, they created models of cubes, pyramids, and other three-dimensional figures. The celebration was a resounding success, igniting a passion for mathematics among the students and encouraging them to explore its creative and practical aspects.
