Exploring the Cosmos: A Journey Through Space and Time

"The more I learn about the universe, the more I realize how much we still have to explore." – Neil deGrasse Tyson

Our Primary students of DPS, GBN embarked on an awe-inspiring journey beyond the stars through a series of captivating Astronomy workshops. These sessions not only sparked their curiosity but also deepened their understanding of the Universe's wonders. Designed to ignite a passion for space exploration, the workshops offered a hands-on, interactive approach to learning, making complex astronomical concepts both accessible and fun.

The workshops were a perfect blend of creativity, Science, and imagination, each session uniquely tailored to engage young minds. The sessions helped students to connect with the vast, infinite Universe in exciting and meaningful ways.

Unit Test 3: A Step Forward in Primary Students' Learning Journey

Unit Test 3 was recently conducted in the Primary wing, allowing students to demonstrate the knowledge and skills they have developed over the term. With a strong sense of responsibility, the young learners approached the examinations with focus and determination. The assessments covered a range of subjects, allowing students to apply their learning in real-world contexts and assess their progress.

Teachers provided continuous support and encouragement throughout the preparation phase, ensuring that students felt confident and well-prepared. The smooth conduct of the examinations reflected the dedication and hard work put in by students and teachers. These tests not only help gauge individual progress but also guide future learning, fostering a deeper understanding of each subject and laying the foundation for continued academic success.

Primary Students Gear Up for the Spectrum Fest!

The excitement is building up as our Primary students dive into full preparations for the much-anticipated 'Spectrum Fest'! With boundless energy and creativity, they are practicing in full swing, perfecting their performances, art, and displays. Whether it's rehearsing for a dance, fine-tuning their music, or adding the final touches to their artwork, the students are eager to showcase their talents. The air is filled with anticipation as they work together, learning new skills, and creating unforgettable experiences. Spectrum Fest promises to be a vibrant celebration of talent and teamwork, and our young learners are ready to shine!

Children's Day Extravaganza

The students of the Primary Wing had a wonderful time on the occasion of Children's Day. The celebration began with an assembly wherein the children were surprised by their teachers with energetic performances. It was a perfect day to bask in the Sun. The students enjoyed races like Lemon Race, Hurdle Race, Cone Race and Pyramid Race. Children enjoyed playing games, eating and dancing together and displayed their creativity by creating extraordinary drawings for the Art competition. Students also got an opportunity to attend a workshop at the Kiran Nadar Museum of Art, Noida. They spent the day laughing, playing and creating unforgettable memories with their friends and teachers. Indeed, children are the best creation of God, they spread joy in every season, and we are glad to be a part of this journey!

A Vibrant Celebration: Assembly on Children's Day and Gurupurab

The Students of Grade 3 truly brought their creativity and enthusiasm to the forefront during their Special Assembly celebrating both Children's Day and Guru Nanak Jayanti. With vibrant energy and thoughtful presentations, the young learners captured the hearts of everyone in the school.

The teachers also joined in the celebration by reciting a lively song and performing an energetic dance, which added an extra spark to the assembly. The students couldn't contain their excitement as they thoroughly enjoyed this special moment, applauding their teachers' lively performances with great enthusiasm.

As the assembly continued, the students paid tribute to Guru Nanak Dev Ji through beautiful prayers and a brief yet insightful presentation, they explained the significance of the day and its teachings. The performances not only reflected the students' understanding but also their deep respect for the occasion. The assembly was an inspiring blend of celebration, reflection, and learning, leaving the audience with a renewed sense of joy and appreciation.

The Joy of Reading

Exploring New Worlds: Primary Students Dive into the Joy of Reading

At DPS-GBN, the library is more than just a place for books—it's a gateway to endless adventures, creativity, and knowledge. Every week, the Primary Students eagerly gather for their library sessions, where the magic of reading comes to life. With bright eyes and curious minds, they dive into a world of stories, from exciting tales of far-off lands to fascinating facts about animals, space, and history.

Whether it is listening intently to a story read aloud by their teacher, exploring the colorful pages of picture books, or choosing their books for quiet reading time, our young learners are discovering the joy of reading in every session. The library is filled with laughter, excitement as students engage with books that spark their imagination and broaden their understanding of the world. These sessions not only help develop literacy skills but also foster a love for books that will last a lifetime.

Igniting Cheer and Festivities

Diwali Assembly: Primary Wing Spreads Joy and Festivity

The Primary Wing recently hosted a spectacular Diwali Assembly, filling the School with festive cheer and vibrant energy. The students celebrated the spirit of Diwali through a series of delightful performances, including traditional dances, lively songs, and thought-provoking skits. Each presentation beautifully captured the essence of the festival, from the triumph of light over darkness to the importance of unity, joy, and new beginnings. The colorful decorations, the warmth of the performances, and enthusiasm of the young learners made this Diwali celebration truly unforgettable.

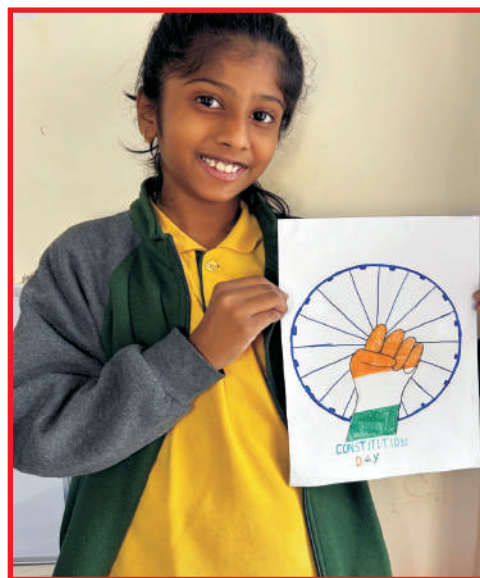

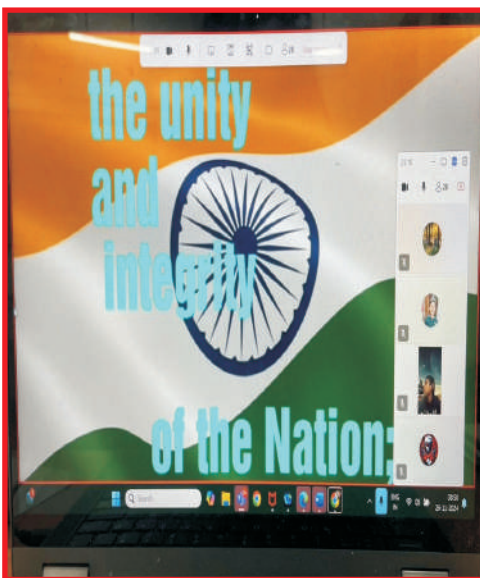

Teachers and students thoroughly enjoyed the assembly, which was a wonderful showcase of talent, creativity, and the joy of celebrating together. It was a perfect way to spread the festive spirit throughout the school, leaving everyone with smiles and a sense of togetherness.

A Day to Remember Our Rights: Constitution Day

“One cannot have freedom without a sense of responsibility.”- Dr. B R Ambedkar

Constitution Day of India is celebrated on 26th November to commemorate the adoption of the Indian Constitution in 1949. This significant day pays tribute to the founding principles of democracy, liberty, equality, and justice, which shapes India's governance. On this occasion, the Students of the Primary wing celebrated Constitution Day with great zeal, enthusiasm and knowledge. Students were apprised about the different facts related to our constitution and enjoyed making wonderful posters. Students proudly took an oath to strive tirelessly to protect and strengthen the nation's freedom and integrity. Indeed, our Primary Wing came alive with the vibrant celebrations and the students embraced the spirit of unity and joy. This special celebration truly depicted their love and spirit of being a proud Indian.

Subject Reports

English

Self-Expression Through Diary Writing

"Life is all about engaging in activities and learning from them." – Anonymous

Diary writing is a great way to express thoughts and relieve stress. In Grade 4, students had fun designing their diary covers and reflecting on their day. This creative activity encouraged personal expression, boosted reflection, and allowed them to unwind. With enthusiasm and energy, the students embraced this opportunity to share their feelings and explore their inner thoughts.

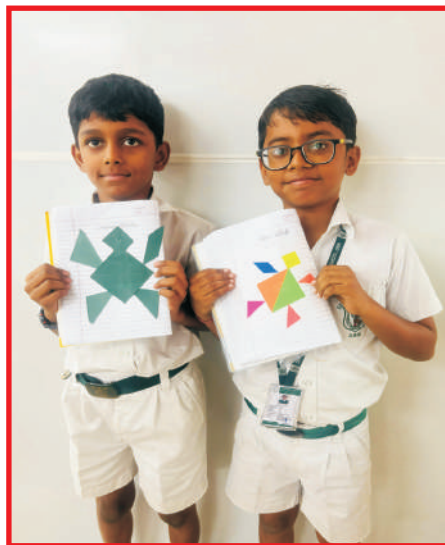

Maths

Tangram Activity: A Creative Exploration in Geometry

"The universe is written in Mathematical language." – Leonardo da Vinci

Hands-on activities are a powerful way to enhance learning, and Tangrams are the perfect tool for this. In Grade 4, students had a great time using the seven tans to create various shapes, sparking both creativity and critical thinking. This engaging activity not only deepened their understanding of Geometry but also encouraged them to explore the endless possibilities of Tangram designs. The final results were amazing, highlighting the students' enthusiasm and imagination.

EVS

Balloon Boat Activity: Exploring Buoyancy and Density

"The important thing is to never stop questioning. Curiosity has its own reason for existing." – Albert Einstein

At DPS GBN, we inspire curiosity and scientific exploration. Grade III students recently participated in Balloon Boat activity, where they learned about buoyancy and density by designing boats powered by an inflated balloon.

Through experimentation, students discovered how materials and boat designs impacted their ability to float or sink. They applied the concepts of Buoyancy and Density, exploring why some objects float while others don't, and how air pressure can propel a boat forward.

The activity encouraged problem-solving, teamwork, and creativity as students refined their designs for better stability and speed. It was a fun, practical way to connect scientific principles with real-world applications.

Computer

Empowering Students with AI and IoT

Students from Grades 3, 4, and 5 are taking their computer skills to the next level by exploring Artificial Intelligence (AI) and the Internet of Things (IoT). Through hands-on learning, they're mastering cutting-edge technologies while developing creativity, critical thinking, and problem-solving skills—all keys for future STEM careers.

अनमोल रिश्ता

दोस्त जीवन का एक महत्वपूर्ण हिस्सा है। अगर किसी को सच्चे दोस्त मिल जाए तो उनका जीवन गुलजार हो जाता है। वह हमारे हर सफलता-असफलता में साथ निभाता है और एक स्तंभ के रूप में खड़ा रहता है। सब रिश्तों से बढ़कर होता है यह दोस्ती का रिश्ता। दोस्त एक पुस्तकालय की तरह होता है, जिसके पास हर तरीके की कुंजी रहती है। इस रिश्ते से बढ़कर इस संसार में कोई अनमोल रत्न नहीं है।

हमारी शान हमारी मातृभाषा

हिंदी सिर्फ भाषा ही नहीं है, यह भारतवासियों का प्यार, अभिमान और शान है। परंतु आज समय के साथ यह भाषा लुप्त होती जा रही है। आज अंग्रेज़ी को लोगों ने सर्वप्रिय स्थान दिया है। हम यह भूल गए हैं कि अंग्रेज़ों ने हम पर कितना अत्याचार किया था। अंग्रेज़ों के कारण हमारे स्वतंत्रता सेनानियों ने अपनी जान गवां दी।

हिंदी भाषा सरल, सुबोध, सुंदर और अभिव्यक्तिपूर्ण है। इसमें हमारी पूरी सभ्यता और संस्कृति के दर्शन होते हैं। परंतु कौन यह समझता है ? हिंदी की अहमियत समय के साथ लुप्त होती जा रही है। आइए!!! आज से हम यह प्रण करते हैं कि हिंदी भाषा को सभी भाषाओं में सर्वप्रथम स्थान देंगे और गर्व से कहेंगे 'हिंदी भाषा है मेरी पहचान।'

Gender Equality

There are 8 planets in the Solar system, there are 7 continents in the World. To help them survive till the next generation, there are 17 SDG goals to follow, but today I thought of a very important SDG goal which is 'Gender equality'. It mainly refers to equality of men and women. It is a society where men and women get same opportunities, rights, equal respect and freedom. There should be no gender-based discrimination as God has made both genders equal.

It creates safer communities, improves the economy, prevents violence and helps in World development.

Books: Our Best Friends

Books are our best friends. Yes, it is absolutely true, if you are an avid reader, you don't need any friends. There are different genres in books like horror, comic or biographies/auto biographies. My favourite genre is horror. The most important thing about books is that we get knowledge through them.

Happy Children

Happy children snuggle in tight,
Sleepyheads dreaming through the night.
When sunrise paints the morning sky,
They wake with smiles, and laughter high.
They play and laugh and dance with glee,
Carefree joy, wild and free to be.
Their smiles shine bright like morning dew,
Happy children, pure and true.

The boat of the monsoon

The boat of the monsoon
The ship of the sea,
You're just so big,
That no one could see.
Oh the boat, oh the boats,
By sailors you are used to carry goods,
But you have an ability
To change children's moods.
As soon as the water jam,
You refresh children mind
Just as a fruit jam.
You're small and little,
But you make every child giggle.
I love the ship of the sea,
I love the boats of the monsoon,
More than you see.
